

## Butterfly project

### What you will need is:

- ♦ A Piece of Paper
- ♦ Pencil
- ♦ Markers
- ♦ Scissors
- ♦ Tape

### Instructions:

1. Draw a tall, skinny oval in the middle of your paper as the body of your butterfly
2. Draw a smaller circle at the top of the oval for a head
3. On both sides of the oval draw big wings
4. Under those large wings, you can add two smaller wings if you want
5. At the top of the smaller circle (the head of the butterfly) draw two lines for antennas
6. At the top of each antenna line make a smaller circle
7. Choose a color that you like to color the wings
8. Cut out your butterfly
9. Put tape on the back of your butterfly so it can stick to a surface
10. Tape your butterfly to a special place
